

3rd IQAC annual symposium 2019

4th July 2019
- Barcelona

PROGRAM

9:30-9:35	Welcome (Prof. Gemma Fabrias)	IQAC Director
9:35-10:25	Plenary lecture: <i>"Inhibidores de feromonas de insectos como potenciales agentes de control de plagas. Bioensayos de laboratorio y campo"</i>	Prof. Angel Guerrero
10:25-11:15	COFFE BREAK + POSTER SESSION (*)	
11:15-11:35	Oral: <i>"Role of d-Fagomine and Omega-3 polyunsaturated fatty acids on gut microbiota in a model of fat-induced pre diabetes"</i>	Mercè Hereu
11:35-11:55	Oral: <i>"Understanding Quorum Sensing through Immunochemical Approaches: The Staphylococcus aureus case"</i>	Enrique Montagut
11:55-12:15	Oral: <i>"pH-dependent chloride transporters as selective anti-cancer drugs"</i>	Lucia Tapia
12:15-12:25	Oral: <i>"Influència lipídica en l'estructura, composició i propietats del cabell humà"</i>	Marc Oliver
12:25-12:55	Oral: <i>"Evaluating the influence of applied light on trans and cis MCS0331 binding to the metabotropic glutamate receptor mGlu5"</i>	Maria Ricart
13:00h	Group photograph in the garden	
13:15-14:50	LUNCH	
14:50-15:30	Invited lecture: <i>"Enantia: ciència des de la petita empresa"</i>	Joan Freixes, CEO Enantia
15:30-15:50	Oral: <i>"Photoswitchable allosteric ligands to decipher spatial and temporal mGluR1 signaling"</i>	Silvia Panarello
15:50-16:10	Oral: <i>"KPHMT catalyzed synthesis of 2-ketopantoate and homologues aldol addition"</i>	Roser Marin
16:10-16:30	Oral: <i>"A novel type of hydrogels made by phospholipids and fatty acids"</i>	Kirian Talló
16:30-16:50	Oral: <i>"Aplicaciones sintéticas de la Trans-O-HidroxiBencilidenPiruvato-Hidratasa-Aldolasa en Biocatálisis"</i>	Carlos Jose Moreno
16:50-17:00	Concluding remarks (Prof. M.-Pilar Marco and Prof. Isabel Haro)	IQAC Vice-Directors

All the sessions will be held in the "Sala de Actos" room at IQAC

(*) Posters will be on display during all the week at IQAC hall entrance
